

# PRODUCT INFORMATION

## SCI PELLETS

### INCI NAME

SODIUM COCOYL ISETHIONATE

### Description

SCI Pellets are a mild, highly foaming personal wash product. Because of its extremely mild and efficient properties, it is used as a self emulsifying agent in cleansing cream. It is low in irritation and rich in foam, and its skin is soft, smooth and silky after washing. It is widely used in the production of soap, shower gel, facial cleanser, foam cleansing cream and bath products.
